

Caso 3 – Parte 1

Objectives

Global Classroom is a program that supports virtualized international learning experiences supported by technology. This experience aims to help students learn about other cultures and diversity and develop a better understanding of the world. In addition, it also helps students prepare to be global citizens.

You can find more information in the following links.

Activity

This class will have a joint homework (to be completed in groups) with undergraduate students from UCSC (University of California Santa Cruz).

First Assignment. Due October 28, 2022 (15% of grade)

In groups, students will first do an initial check-in assignment. For this, students should exchange emails to find a time to introduce themselves via videoconference like a Zoom call where everyone participates.

Students from UCSC have to submit a written report with the following information.

1. UniAndes students recommend tourist destinations.
 1. Write the name of a recommended tourist destination near Bogotá.
 2. Write a three-paragraph description of why UniAndes students like it.
 3. Include two pictures of the destination.
2. UniAndes students then share their favorite Colombian dish.
 1. Write a two-paragraph description of a Colombian dish (ingredients, how to cook it etc.)
 2. Include a picture of the dish
3. Write about a famous saying in Spanish (learn a saying in Spanish from UniAndes students)
 1. Add a one-paragraph description of what the saying means (in English).
4. If anyone from the UniAndes team (or their extended family or friends) has been the victim of a cybercrime, please describe it.

1. Include a one-paragraph summary of this crime, how the victim was targeted, if it was resolved, the impact, etc.
2. If no one has been targeted by cybercrime, then you have to summarize a cybersecurity news story in Colombia.

Students from UniAndes have to submit a written report with the same information (but with the roles reversed):

1. UCSC students recommend tourist destinations.
 1. The name of a recommended tourist destination near Santa Cruz.
 2. A three-paragraph description of why UCSC students like it.
 3. Two pictures of the destination.
2. The favorite dish of the students from UCSC
 1. A two-paragraph description of the dish (ingredients, how to cook it etc.)
 2. A picture of the dish
3. Learn a saying in English from students from UCSC
 1. Write the saying in English.
 2. A one-paragraph description of what the saying means (in Spanish)
4. If anyone from the UCSC team (or their extended family or friends) has been the victim of a cybercrime, please describe it.
 1. Include a one-paragraph summary of this crime, how the victim was targeted, if it was resolved, the impact, etc.
 2. If no one has been targeted by cybercrime, you have to summarize a cybersecurity news story in the US.
